Quality Improvement
Authority

PRIMARY INSPECTION

Name of Agency:	St Pauls Court
Agency ID No:	10833
Date of Inspection:	20 October 2014
Inspector's Name:	Jim McBride
Inspection No:	INO20679

The Regulation And Quality Improvement Authority
9th floor Riverside Tower, 5 Lanyon Place, Belfast, BT1 3BT
Tel: 028 9051 7500 Fax: 028 9051 7501

General Information

Name of agency:	PCG St Paul's Court
Address:	Admin Building Ballinderry Road Lisburn BT28 1TX
Telephone Number:	02892641819
E mail Address:	kellydevlin@praxiscare.org.uk
Registered Organisation / Registered Provider:	Praxis Care Group Mr Nevin Ringland
Registered Manager:	Miss Kelly Louise Devlin
Person in Charge of the agency at the time of inspection:	Miss Kelly Louise Devlin
Number of service users:	23
Date and type of previous inspection:	7 January 2014 09.30- 16.45, Primary announced care inspection
Date and time of inspection:	20 October 2014 09:00- 15:00 Primary announced care inspection
Name of inspector:	Jim McBride

Introduction

The Regulation and Quality Improvement Authority (RQIA) is empowered under The Health and Personal Social Services (Quality, Improvement and Regulation) (Northern Ireland) Order 2003 to inspect supported living type domiciliary care agencies. A minimum of one inspection per year is required.

This is a report of a primary inspection to assess the quality of services being provided. The report details the extent to which the standards measured during the inspection were met.

Purpose of the inspection

The purpose of this inspection was to ensure that the service is compliant with relevant regulations, minimum standards and other good practice indicators and to consider whether the service provided to service users was in accordance with their assessed needs and preferences. This was achieved through a process of analysis and evaluation of available evidence.

RQIA not only seeks to ensure that compliance with regulations and standards is met but also aims to use inspection to support providers in improving the quality of services. For this reason, inspection involves in-depth examination of an identified number of aspects of service provision.

The aims of the inspection were to examine the policies, procedures, practices and monitoring arrangements for the provision of domiciliary care, and to determine the provider's compliance with the following:

- The HPSS (Quality, Improvement and Regulation) (Northern Ireland) Order 2003
- The Domiciliary Care Agencies Regulations (Northern Ireland) 2007
- The Department of Health, Social Services and Public Safety's (DHSSPS) Domiciliary Care Agencies Minimum Standards (2011).

Other published standards which guide best practice may also be referenced during the inspection process.

Methods/process

Committed to a culture of learning, RQIA has developed an approach which uses self-assessment, a critical tool for learning, as a method for preliminary assessment of achievement of the Minimum Standards.

The inspection process has three key parts; self-assessment, pre-inspection analysis and the visit undertaken by the inspector.

Specific methods/processes used in this inspection include the following:

- Analysis of pre-inspection information
- Discussion with the registered manager
- Examination of records
- Consultation with stakeholders

- File audit
- Evaluation and feedback.

Any other information received by RQIA about this registered provider and its service delivery has also been considered by the inspector in preparing for this inspection.

Consultation process

During the course of the inspection, the inspector spoke to the following:

Service users	3
Staff	6
Relatives	3
Other Professionals	1

Questionnaires were provided, prior to the inspection, to staff to find out their views regarding the service. Ten questionnaires were returned and the inspector left five with staff to complete and return to RQIA.

Matters raised from the questionnaires were addressed by the inspector in the course of this inspection.

Issued To	Number issued	Number returned
Staff	20	10

Inspection focus

The inspection sought to assess progress with the issues raised during and since the previous inspection and to establish the level of compliance achieved with respect to the following quality themes:

The following seven quality themes were assessed at this inspection:

- **Theme 1 - Service users' finances and property are appropriately managed and safeguarded**
- **Theme 2 – Responding to the needs of service users**
- **Theme 3 - Each service user has a written individual service agreement provided by the agency.**

Review of action plans/progress to address outcomes from the previous inspection

The agency's progress towards full compliance with the one requirement and the two recommendations issued during the previous inspection of the 7 January 2014 was assessed. The agency has fully met the requirement and the recommendations made. The inspector verified compliance by the records made available and during discussions with the Registered Manager.

The registered provider and the inspector have rated the service's compliance level against each good practice indicator and also against each quality theme.

The table below sets out the definitions that RQIA has used to categorise the service's performance:

Guidance - Compliance statements		
Compliance statement	Definition	Resulting Action in Inspection Report
0 - Not applicable		A reason must be clearly stated in the assessment contained within the inspection report
1 - Unlikely to become compliant		A reason must be clearly stated in the assessment contained within the inspection report
2 - Not compliant	Compliance could not be demonstrated by the date of the inspection.	In most situations this will result in a requirement or recommendation being made within the inspection report
3 - Moving towards compliance	Compliance could not be demonstrated by the date of the inspection. However, the service could demonstrate a convincing plan for full compliance by the end of the Inspection year.	In most situations this will result in a requirement or recommendation being made within the inspection report
4 - Substantially compliant	Arrangements for compliance were demonstrated during the inspection. However, appropriate systems for regular monitoring, review and revision are not yet in place.	In most situations this will result in a recommendation, or in some circumstances a requirement, being made within the inspection report
5 - Compliant	Arrangements for compliance were demonstrated during the inspection. There are appropriate systems in place for regular monitoring, review and any necessary revisions to be undertaken.	In most situations this will result in an area of good practice being identified and comment being made within the inspection report.

Profile of service

Praxis Care, St Paul's Court is a supported living type domiciliary care agency designed to meet the needs of adults with mild to moderate dementia. It is situated on the Ballinderry Road, Lisburn, close to local amenities. It has been developed in partnership with Trinity Housing Association and the South Eastern Health and Social Care Trust. Under the direction of the Registered Manager, Ms Kelly Devlin, a team of 22 staff provide support and care to the service users 24 hours a day. The accommodation is comprised of 15 bungalows and 8 apartments.

The aim at St Paul's Court is to provide service users with support that enables them to continue to have independence whilst having their support and care needs met. The service users are encouraged to carry out daily living tasks and remain as active and independent as possible.

The South Eastern Health and Social Care Trust commission their services.

Summary of inspection

The inspection was undertaken on 20 October 2014. The inspector met with the registered manager during the inspection.

The inspector had the opportunity to meet three service users in their own home. Two of these tenants shared their accommodation with a relative. One of the service users who participated in the inspection provided very positive feedback in relation to the quality of care and support they receive from agency staff stating "Staff are helpful and I have a great relationship with them".

The inspector also spoke with the three relatives who advised the inspector that their relatives experience encouragement and support to maintain their independence.

The inspector spoke to six staff. Staff stated that they had received training in human rights and that all service users have a care and support plan that meets their needs and has been prepared with HSC Trust involvement. Staff also stated that they had received training in the supported living model of care and commented on their understanding of this.

Records examined show clear evidence that the service is person centred and individual. This was acknowledged within individual care plans examined by the inspector as well as during discussion with the manager, staff, tenants and relatives.

It was good to note that the manager has introduced service users a discussion on their human rights and how this impacted on their daily lives. The session took place on the 9 October 2014.

Tenants' Comments:

"Staff are great"

"Staff are supportive"

"I have no complaints"

"I feel safe and secure here".

Staff Comments:

“Great staff team”
 “Staff communicates well with each other”
 “Praxis training is good”
 “Induction helped with my job”
 “The promotion of independence is a good part of my role”
 “Restrictive practice is always in the best interest and has no impact on the service users who do not need it”.

Relatives’ comments:

“My ***** is very well cared for here”
 “Staff are good they do more than they are expected to”
 “Staff support me as well as my *****”
 “I feel my ***** is safe here”
 “My relative has settled well and has good friends here”
 “My ***** mixes well with others and enjoys the company”.

HSC Trust staff comments:

“Staff are accommodating and open to suggestions in relation to care and support”
 “I attend all relevant reviews”
 “My client is very happy there and has no complaints”
 “I have no issues with the agency”.

Ten questionnaires were received prior to inspection; the inspector also spoke to six members of staff on duty during the inspection and has added their comments to this report.

The ten questionnaires returned indicated the following:

- Protection from abuse training was received by all ten staff
- Training was rated as good or excellent
- Staff competency was assessed via questions/answers, group work, individual participation.
- Tenants views and experiences are taken into account
- Monthly monitoring takes place and comments are received from service users, staff and relatives
- Staff are aware of the main principles of supported living
- Service users have in place individual service agreements
- Care-plans are prepared in conjunction with HSC Trusts.

Records in place, examined by the inspector verify the above statements received from staff.

It was evident from reading individual person centred support plans and discussion with staff that the service users and their representatives have control/input over individual care and support.

Individual comments on the principles supported living from staff:

“To maximise independence ensuring the safety of service users”
 “Promoting community involvement and enabling them to live in the community in privacy with dignity upheld at all times”
 “Reflecting in needs and encouraging independence”.

Staff also stated that systems are in place to ensure individual opinions are heard they include:-

- Service users meetings
- Monitoring Visits
- Reviews
- Keyworkers discussions.

The areas indicated above were verified by:

- Discussion with staff and service users
- Monthly monitoring visit records
- Staff training records.

Detail of inspection process:

Theme 1 - Service users' finances and property are appropriately managed and safeguarded

The agency has achieved a compliance level of "Compliant" for this theme.

The agency provided supporting evidence of documentation currently in place to ensure each individual service user has in place the following:

- Transport Agreement
- Domiciliary Care Agreement
- Service User Handbook
- Care Support Agreement
- Bills Agreement
- Finance Assessment
- Capacity Assessments

The above arrangements were discussed with the registered manager during the inspection. Service users are provided with a domiciliary care agreement and support agreement a number of these were examined by the inspector.

The documentation highlighted above shows evidence of specific terms and conditions in respect of service provision including the amounts and methods of payments, whilst the current statement of purpose describes the nature and range of services provided. The manager stated that staff buy and eat their own food whilst on duty.

Theme 2 – Responding to the needs of service users

The agency has achieved a compliance level of "Compliant" for this theme.

The agency has in place comprehensive care/support plans. Reviews and risk assessments were in place and were up to date. The documentation includes a service summary outlining the service philosophy and service delivery. These care plans reflect the input of the HSC Trust and the thoughts and views of the service users and their representatives.

The current care plans focus on goals and outcomes for service users and are regularly reviewed to ensure that interventions are relevant. Care plans show clear evidence that the agency appropriately responds to the assessed needs of service users.

It should be noted the ongoing review in the areas of restrictive practice. This was further evidenced by one service users who stated: - "I feel safe and secure here my gate has a key number which we know to get in and out, it's great for me and my husband's security."

The manager and staff explained the agency's awareness of human rights and how it is inherent in all its work with service users.

The agency has in place comprehensive risk assessments describing capacity, as well as measuring the ability of individuals to achieve greater independence and choice in daily living.

Staff stated they had received human rights training; the last recorded session was completed on 10 September 2013. It was also good to note that human rights were discussed with service users on the 9 September 2014 during a tenants meeting

Theme 3 - Each service user has a written individual service agreement provided by the agency

The agency has achieved a compliance level of "Compliant" for this theme.

Each service user has in place an individual domiciliary care agreement provided by the agency. Records examined by the inspector show details of the amount and type of care provided by the agency. One relative stated "We know when the staff are calling and we can also call them when needed".

The agency has in place referral information provided by the HSC Trust and this information forms part of the overall assessment of need, care plan and service summary.

The service users and their representatives are made aware of the number of hours care and support provided to each service user. Individual care plans state the type of care and support provided. One relative stated "We are aware of the hours of care we get from the staff; however staff are on site and are flexible in an emergency".

The manager and staff interviewed by the inspector discussed what care and support was provided to individuals daily. The service is person centred, whilst the needs and preferences of individual service users are set out in their individual care plan.

The agency's policy on assessment and care planning and their statement of purpose/tenants guide describe how individual service user agreements are devised. The agency's domiciliary care agreement is consistent with the care commissioned by the HSC Trust.

Additional matters examined

Monthly Monitoring:

The inspector read a number of monthly monitoring reports in place from April to September 2014. These have been completed regularly and were up to date and include action plans for service improvement.

Records examined show evidence of discussions with:

- Staff
- Service users
- Relatives
- HSC Trust staff

The reports include updated information on any action plans in place following RQIA visits, as well as follow up information following the annual quality review. The manager stated that she and the agency's monitoring officer discuss the report following each visit.

Charging Survey:

Prior to inspection the agency were asked to complete and return to the RQIA a charging survey, outlining the procedures and any charges incurred by service users in a supported living scheme. The returned survey shows that no service user is paying for additional care services that do not form part of the HSC Trust's care assessment.

The registered manager confirmed that agency staff do not act on behalf of service users as appointees but do act as agents and are in receipt of monies for safekeeping ensuring they keep income and expenditure records.

Statement of Purpose:

The agency's statement of purpose was examined and reflected the current nature and range of services provided by the agency at the time of the inspection. The agency's statement of purpose was reviewed in August 2014. It was noted that the area of restrictive was included within the statement of purpose that clearly reflects the nature and range of service provided.

Follow-up on previous issues

No.	Regulation Ref.	Requirements	Action Taken - As Confirmed During This Inspection	Number of Times Stated	Inspector's Validation of Compliance
1	13 (b)	<p>The registered person must ensure that those members of staff whose role involves assessing the competency of other staff have been trained to do so and assessed as competent to do so.</p> <p>(Minimum Standards 7.7 12.4)</p>	<p>This requirement was assessed as fully met; the documentation in place was satisfactory.</p> <p>A number of competency assessments in place were examined by the inspector.</p>	Once	Fully Met

No.	Minimum Standard Ref.	Recommendations	Action Taken - As Confirmed During This Inspection	Number of Times Stated	Inspector's Validation Of Compliance
1	3.3	It is recommended that service users with significant communication needs are supported by non-agency representatives in the assessment and review of their needs and in care planning.	<p>This recommendation was assessed as fully met; the documentation in place was satisfactory.</p> <p>This recommendation referred to one service user whose communication needs are supported by a speech therapist</p>	Once	Fully Met
2	6.1	It is recommended that the registered manager reviews the organisation of care reviews to facilitate involvement of trust representatives.	<p>This recommendation was assessed as fully met; the documentation in place was satisfactory.</p> <p>The inspector read a number of reviews in place and all have involved the HSC Trust.</p>	Once	Fully Met

THEME 1 - SERVICE USERS' FINANCES AND PROPERTY ARE APPROPRIATELY MANAGED AND SAFEGUARDED

Statement 1:

COMPLIANCE LEVEL

The agency maintains complete and up to date records in respect of the terms and conditions of the provision of personal care

- The agency provides to each service user a written guide, including a personalised written agreement detailing the specific terms and conditions in respect of any specified service to be delivered, including the amount and method of payment of any charges to the service user;
 - The individual agreement details all charges payable by the service user to the agency, the services to be delivered in respect of these charges and the method of payment;
 - Where service users pay for additional personal care services which do not form part of the HSC trust's care assessment, documentation exists confirming that the HSC trust are aware of any arrangements in place between the agency and the service user;
 - The individual agreement clarifies what arrangements are in place to apportion shared costs between the agency and the service user(s). This includes those costs associated with any accommodation used in connection with agency business, where this is conducted from the service users' home;
 - There are arrangements in place to quantify the costs associated with maintaining any unused areas within the service users' home which they do not have exclusive possession of;
 - The service user guide/ individual agreement clarifies what the arrangements are for staff meals while on duty in the service users' home;
 - Where the agency is involved in supporting a service user with their finances or undertaking financial transactions on the service user's behalf, the arrangements and records to be kept are specified in the service user's individual agreement;
 - The agency has a policy and procedure in place to detail the arrangements where support is provided by agency staff to enable the service users to manage their finances and property;
 - The agency notifies each service user in writing, of any increase in the charges payable by the service user at least 4 weeks in advance of the increase and the arrangements for these written notifications are included in each service user's agreement
- user's home looks like his/her home and does not look like a workplace for care/support staff.

<p>Provider's Self-Assessment</p>	
<p>Each service user is provided with individualised agreements. These include a Support Agreement, a Domicillary Care Agreement, a Service User Handbook and a Bills Agreement. These documents outline the services available and the Bills Agreement specifically details the costs of the service. These documents are supplemented by the Statement of Purpose.</p> <p>Service users do not pay for additional personal care services which are not part of the Trust's care assessment. Service users pay for electricity and heating in their own accomodation. Praxis Care pays for the office and staff use of electricity as well as maintenance. Within our Service User Guide and Statement . The financial support provided is detailed within the individualised Assessment and Plan as well as the Risk Assessment. A regular financial capability assessment is also undertaken for each service user. Praxis Care has policies and procedures in place to support service users to manage their finances with protocols for best practice. Four weeks' notice is provided in writing in relation to any changes to charges payable by the service user.</p>	<p>Compliant</p>
<p>Inspection Findings:</p>	
<p>Service users have been issued with a Domiciliary Care Agreement and this reflects the charges payable by the individual to the agency. The agreement also outlines the contributions from the HSC Trust and the NIHE's Supporting People programme for personal care and housing support provided by the agency. Service users do not make any personal contribution to the cost of their care or support. The individual's weekly entitlement to care and support hours is outlined within their service agreement.</p> <p>Costs are itemised within the service agreements and within the individual bills agreements and tenants guide. The agreement advises services users that they will be notified four weeks in advance of any changes in charges. Agency staff do not share the food purchased by the service users. As stated in the self-assessment all utility bills are paid by service users for their own bungalow or flat.</p>	<p>Compliant</p>

THEME 1 - SERVICE USERS' FINANCES AND PROPERTY ARE APPROPRIATELY MANAGED AND SAFEGUARDED	
<p>Statement 2: Arrangements for receiving and spending service users' monies on their behalf are transparent, have been authorised and the appropriate records are maintained:</p> <ul style="list-style-type: none"> • The HSC trust's assessment of need describes the individual needs and capabilities of the service user and the appropriate level of support which the agency should provide in supporting the service user to manage their finances; • The agency maintains a record of the amounts paid by/in respect of each service user for all agreed itemised services and facilities, as specified in the service user's agreement; • The agency maintains a record of all allowances/ income received on behalf of the service user and of the distribution of this money to the service user/their representative. Each transaction is signed and dated by the service user/their representative and a member of staff. If a service user/their representative are unable to sign or choose not to sign for receipt of the money, two members of staff witness the handover of the money and sign and date the record; • Where items or services are purchased on behalf of service users, written authorisation is place from the service user/their representative to spend the service user's money on identified items or services; • There are contingency arrangements in place to ensure that the agency can respond to the requests of service users for access to their money and property at short notice e.g.: to purchase goods or services not detailed on their personal expenditure authorisation document(s); • The agency ensures that records and receipts of all transactions undertaken by the staff on each service user's behalf; are maintained and kept up-to-date; • A reconciliation of the money/possessions held by the agency on behalf of service users is carried out, evidenced and recorded, at least quarterly; • If a person associated with the agency acts as nominated appointee for a service user, the arrangements for this are discussed and agreed in writing with the service user/ their representative, and if involved, the representative from the referring Trust. These arrangements are noted in the service user's agreement and a record is kept of the name of the nominated appointee, the service user on whose behalf they act and the date they were approved by the Social Security Agency to act as nominated appointee; • If a member of staff acts as an agent, a record is kept of the name of the member of staff, the date they acted in this capacity and the service user on whose behalf they act as agent; 	<p>COMPLIANCE LEVEL</p>

<ul style="list-style-type: none"> • If the agency operates a bank account on behalf of a service user, written authorisation from the service user/their representative/The Office of Care and Protection is in place to open and operate the bank account, • Where there is evidence of a service user becoming incapable of managing their finances and property, the registered person reports the matter in writing to the local or referring Trust, without delay; <p>If a service user has been formally assessed as incapable of managing their finances and property, the amount of money or valuables held by the agency on behalf of the service user is reported in writing by the registered manager to the referring Trust at least annually, or as specified in the service user's agreement.</p>	
<p>Provider's Self-Assessment</p>	
<p>Within the Application Form, Risk Assessment and the individualised reviews regarding our service users, the Statutory Keyworkers are aware of the support provided in relation to managing the service user finances as well as being involved in the decision making process. All support plans detail the type and level of support with regards to the service user's finances and all relevant policies and procedures are followed . All service users have access to their personal money and staff are there to support them should any issues arise with regards to their monies, benefits, etc. The service users are also able to access their money at any time. This agency does not operate a bank account on behalf of any service users. The manager and assistant director audit the records of the tenants who have staff involvement in the management of their finances. Any concerns around a service users capacity would necessitate liaising with the statutory keyworker and a review would be held.</p>	<p>Compliant</p>
<p>Inspection Findings:</p>	
<p>The inspector examined a number of finance assessments, capability assessments and domiciliary care agreements in place. The documents outline the individual responsibilities of the service users as well as staff and show clear procedures to be followed when handling service users' monies. Records in place show receipts and signatures as well as regular reconciliations in line with procedures. The staff on duty stated that they have received training on the handling of service users' monies the last recorded training was completed 10 October 2014. The manager stated this training is also part of the induction process. Annual reviews completed by the HSC Trust show evidence of finance arrangements in place. The manager stated that some service users have the support of their family members to help manage their finances. The agency maintains a record of the amounts paid by/in respect of each service user for all agreed itemised services and facilities, as specified in their domiciliary care agreement. The agency does not act as appointee for individual service users but do act as agent holding and storing monies for two service users. All records in place were satisfactory; these were verified by the inspector during inspection.</p>	<p>Compliant</p>

THEME 1 - SERVICE USERS' FINANCES AND PROPERTY ARE APPROPRIATELY MANAGED AND SAFEGUARDED	
<p>Statement 3:</p> <p>Where a safe place is provided within the agency premises for the storage of money and valuables deposited for safekeeping; clear, up to date and accurate records are maintained:</p> <ul style="list-style-type: none"> • Where the agency provides an appropriate place for the storage of money and valuables deposited for safekeeping, robust controls exist around the persons who have access to the safe place; • Where money or valuables are deposited by service users with the agency for safekeeping and returned, a record is signed and dated by the service user/their representative, and the member of staff receiving or returning the possessions; • Where a service user has assessed needs in respect of the safety and security of their property, there are individualised arrangements in place to safeguard the service user's property; • Service users are aware of the arrangements for the safe storage of these items and have access to their individual financial records; • Where service users experience restrictions in access to their money or valuables, this is reflected in the service user's HSC trust needs/risk assessment and care plan; <p>A reconciliation of the money and valuables held for safekeeping by the agency is carried out at regular intervals, but least quarterly. Errors or deficits are handled in accordance with the agency's SVA procedures.</p>	COMPLIANCE LEVEL
Provider's Self-Assessment	
<p>There are procedures and policies for the storage of money and valuables within Praxis Care. Any restrictions in relation to service users accessing their monies are clearly documented in their Support Plan. There are robust controls the managment of Service Users monies and there are individualised arrangments in place to safeguard the Service Users property. Any restrictions that Service Users experience in accessing their money have been agreed with the Trust and identified in the Risk assessment and Care Plan.</p>	Compliant
Inspection Findings:	
<p>Service users have individual safe storage areas for their monies within their own homes, no restrictions are in place for access with the support of staff if required. Records examined show signatures and receipts in place as well as regular reconciliations and balances of income and expenditure for two service users who</p>	Compliant

require financial help and support with monies.

THEME 1 - SERVICE USERS' FINANCES AND PROPERTY ARE APPROPRIATELY MANAGED AND SAFEGUARDED

Statement 4:

Arrangements for providing transport to service users are transparent and agreed in writing with the service user/their representative:

- The needs and resources of the individual service user are considered in conjunction with the HSC Trust assessment;
- The charges for transport provision for an individual service user are based on individual usage and are not based on a flat-rate charge;
- Service users have the opportunity to opt out of the transport scheme and the arrangements for opting out are detailed within the agency's policies and procedures;
- Written agreement between the service user and the agency is in place, detailing the terms and conditions of the transport scheme. The agreement includes the charges to be applied and the method and frequency of payments. The agreement is signed by the service user/ their representative/HSC trust where relevant and a representative of the service;
- Written policies and procedures are in place detailing the terms and conditions of the scheme and the records to be kept;
- Records are maintained of any agreements between individual service users in relation to the shared use of an individual's Motability vehicle;
- Where relevant, records are maintained of the amounts of benefits received on behalf of the service user (including the mobility element of Disability Living Allowance);
- Records detail the amount charged to the service user for individual use of the vehicle(s) and the remaining amount of Social Security benefits forwarded to the service user or their representative;
- Records are maintained of each journey undertaken by/on behalf of the service user. The record includes: the name of the person making the journey; the miles travelled; and the amount to be charged to the service user for each journey, including any amount in respect of staff supervision charges;
- Where relevant, records are maintained of the annual running costs of any vehicle(s) used for the transport scheme;
- The agency ensures that the vehicle(s) used for providing transport to service users, including private

COMPLIANCE LEVEL

<p>(staff) vehicles, meet the relevant legal requirements regarding insurance and road worthiness. Where the agency facilitates service users to have access to a vehicle leased on the Motability scheme by a service user, the agency ensures that the above legal documents are in place;</p> <ul style="list-style-type: none"> Ownership details of any vehicles used by the agency to provide transport services are clarified. 	
<p>Provider's Self-Assessment</p>	
<p>A transport agreement is presented to each service user and signed if required. Service users avail of the local taxi and public transport services. The agency records and stores copies of each staff member's insurance and MOT (if applicable) certificates as well as a copy of their driving licence. This agency does not have a scheme vehicle.</p>	<p>Compliant</p>
<p>Inspection Findings:</p>	
<p>The charges for transport provision for an individual service user are based on individual usage and are not based on a flat-rate charge. Written policies and procedures are in place detailing the terms and conditions of the scheme. However currently no service users avail of the transport scheme.</p>	<p>Compliant</p>

<p>PROVIDER'S OVERALL ASSESSMENT OF THE AGENCY'S COMPLIANCE LEVEL AGAINST THE STANDARD ASSESSED</p>	<p>COMPLIANCE LEVEL</p>
	<p>Compliant</p>

<p>INSPECTOR'S OVERALL ASSESSMENT OF THE AGENCY'S COMPLIANCE LEVEL AGAINST THE STANDARD ASSESSED</p>	<p>COMPLIANCE LEVEL</p>
	<p>Compliant</p>

THEME 2 – RESPONDING TO THE NEEDS OF SERVICE USERS	
<p>Statement 1: The agency responds appropriately to the assessed needs of service users</p> <ul style="list-style-type: none"> • The agency maintains a clear statement of the service users’ current needs and risks. • Needs and risk assessments reflect the input of the HSC Trust and contain the views of service users and their representatives. • Agency staff record on a regular basis their outcome of the service provided to the individual • Service users’ care plans reflect a range of interventions to be used in relation to the assessed needs of service users • Service users’ care plans have been prepared in conjunction with the service user and their HSC Trust representative(s) and reflect appropriate consideration of human rights. 	COMPLIANCE LEVEL
Provider’s Self-Assessment	
<p>All service users have a completed assesment and plan which identify their individual needs, risks, support and interventions required taking into consideration their human rights. This is reviewed on an annual basis or more often when changes are highlighted. All assessments are person centred and at each review the statutory keyworker contributes along with the service user and their representative (if applicable). When completing monthly monitoring visits, the person carrying them out also speaks to service users and statutory keyworkers in order to ascertain their views on the service being provided and their comments are recorded. Daily notes, monthly review summaries and annual reviews are completed for each individual service user.</p>	Compliant
Inspection Findings:	
<p>HSC Trust referral information informs the individual care plans and risk assessments in place. The inspector read seven care plans and these clearly show that the service is person centred for these seven people whilst they discuss outcomes and personal goals. The current care plans focus on goals and outcomes for service users and are regularly reviewed to ensure that interventions are relevant. Records in place show the involvement of the HSC Trust and service user representatives in the process. It was good to note that human rights considerations are implicit in the agency’s documentation and include specific human rights articles relevant to the service users. Staff stated they had received human rights training; the last recorded session was completed on the 10 September 2013. Care plans show clear evidence that the agency appropriately responds to the assessed needs of service users. Records examined show a range of interventions practiced in the care and support of individuals.</p>	Compliant

THEME 2 – RESPONDING TO THE NEEDS OF SERVICE USERS	
<p>Statement 2:</p> <p>Agency staff have the appropriate level of knowledge and skill to respond to the needs of service users</p> <ul style="list-style-type: none"> • Agency staff have received training and on-going guidance in the implementation of care practices • The effectiveness of training and guidance on the implementation of specific interventions is evaluated. • Agency staff can identify any practices which are restrictive and can describe the potential human rights implications of such practices. • The agency maintains policy and procedural guidance for staff in responding to the needs of service users • The agency evaluates the impact of care practices and reports to the relevant parties any significant changes in the service user’s needs. • Agency staff are aware of their obligations in relation to raising concerns about poor practice 	COMPLIANCE LEVEL
<p>Provider’s Self-Assessment</p> <p>All staff receive comprehensive induction training and additional training is provided which reflects the needs of the service. Through staff meetings, supervision and appraisal training is discussed and reviewed. There is a need to improve staff understanding of the principle of restrictive practice and the effects it may have on a service user's human rights. The agency has developed a training presentation which I plan to discuss at the next staff meeting.</p> <p>The agency provides a range of policies and procedures which all staff can access via our EDMS system. This allows staff to access the most up to date version including guidance in helping them best address the needs of our service users. Staff recognise the importance of keeping up to date with the policies and procedures in an effort to support good practice. Regular reference is made to the staff need to highlight poor practice. All staff are registered with a regulatory body such as NISCC or NMC, each of which have their own specific code of conduct.</p>	Substantially compliant

Inspection Findings:	
<p>The inspector examined a number of training records, staff competency assessments and evaluation records in place. The manager and staff stated that training completed shows that they have the appropriate level of knowledge and skill to respond to the needs of service users. The manager discussed with the inspector the on-going competency assessments of staff and shared the written records in place. Records in place show that training is evaluated and discussed during supervision and appraisal with staff this was also verified by staff during discussions. The inspector discussed with the manager and staff, reporting procedures if they had any concerns about poor practice. Staff were clear about the reporting procedures and were able to explain in detail how they would take any concerns forward. Agency staff described their understanding of restrictive practice and the necessity for the ongoing review of the same.</p>	Compliant
THEME 2 – RESPONDING TO THE NEEDS OF SERVICE USERS	
<p>Statement 3:</p> <p>The agency ensures that all relevant parties are advised of the range and nature of services provided by the agency</p> <ul style="list-style-type: none"> • Service users and their relatives and potential referral agents are advised of any care practices that are restrictive or impact on the service users’ control, choice and independence in their own home. • The agency’s Statement of Purpose and Service User Guide makes appropriate references to the nature and range of service provision and where appropriate, includes restrictive interventions • Service users are advised of their right to decline aspects of their care provision. Service users who lack capacity to consent to care practices have this documented within their care records. • Service users are provided with a copy of their care plan (in a format that is appropriate to their needs and level of understanding) and receive information in relation to potential sources of (external) support to discuss their needs and care plan. • The impact of restrictive practices on those service users who do not require any such restrictions. 	COMPLIANCE LEVEL
Provider’s Self-Assessment	
<p>Any care practices which could be deemed restrictive are discussed and agreed with and by the service users during reviews and the initial admission panel. Within our scheme we have a Statement of Purpose</p>	Compliant

<p>and Service User Handbook which outlines our service. All service users have individualised support plans detailing the support and care being offered. Staff also involve the service user when completing the monthly review summary which highlights all care and support received during the previous month. Each service user has the choice to either decline or continue with the support being offered. All service users are offered a copy of their support plan and information in relation to what external potential sources of support are available should the wish to avail of same.</p>	
<p>Inspection Findings:</p>	
<p>Each service user has in place a care plan. The inspector examined seven of the records in place and the manager stated restrictive practices are currently in place i.e. locked doors for security reasons only; However each service can assess the building with their own code key. The tenants' guide and the statement of purpose describe the nature and range of the service provided. Information is available to service users about independent advocacy services available to them and their representative. Care plans in place are relevant to the individual and are in a format suitable to individual need. Service users are advised in their tenants' handbook of their right to decline aspects of their care provision. The inspector spoke with service users who were aware of restrictions in place but stated that they discuss this with staff regularly and do know why restrictions are in place.</p>	<p>Compliant</p>

THEME 2 – RESPONDING TO THE NEEDS OF SERVICE USERS	
<p>Statement 4 The registered person ensures that there are robust governance arrangements in place with regard to any restrictive care practices undertaken by agency staff.</p> <ul style="list-style-type: none"> • Care practices which are restrictive are undertaken only when there are clearly identified and documented risks and needs. • Care practices which are restrictive can be justified, are proportionate and are the least restrictive measure to secure the safety or welfare of the service user. • Care practices are in accordance with the DHSSPS (2010) Circular HSC/MHDP – MHU 1 /10 – revised. Deprivation of Liberty Safeguards. (DOLS) – Interim Guidance. • The agency evaluates the impact of restrictive care practices and reports to the relevant parties any significant changes in the service user’s needs. • The agency maintains records of each occasion restraint is used and can demonstrate that this was the only way of securing the welfare of the service user (s) and was used as a last resort. • Restraint records are completed in accordance with DHSSPS (2005) Human Rights Working Group on Restraint and Seclusion: Guidance on Restraint and Seclusion in Health and Personal Social Services. • The agency forwards to RQIA and other relevant agencies notification of each occasion restraint is used • The registered person monitors the implementation of care practices which are restrictive in nature and includes their on-going assessment of these practices within the monthly quality monitoring report 	COMPLIANCE LEVEL
<p>Provider’s Self-Assessment</p> <p>There are very few restrictive care practices undertaken by the agency . Any that are undertaken are clearly identified and documented in the service user's assessment and support plan. They are regularly evaluated as part of the review process and in consultation with the statutory keyworker. Restraint is not practiced in this scheme. The monthly monitoring report monitors the implementation of restrictive care practices.</p>	Compliant

Inspection Findings:	
<p>As stated by the agency in their self-assessment there are a few restrictive measures in place. This was verified by the manager and staff interviewed during discussion. Care practices which are restrictive are undertaken only when there are clearly identified and documented risks and needs.</p> <p>Care practices which are restrictive can be justified, are proportionate and are the least restrictive measure to secure the safety or welfare of the service user. This was discussed with the service user and the manager. Care practices are in accordance with the DHSSPS (2010) Circular HSC/MHDP – MHU 1 /10 – revised. Deprivation of Liberty Safeguards. (DOLS) – Interim Guidance. Agency staff who met with the inspector described their understanding of restrictive practice and identified the use of a restrictive practice in the homes of service users.</p> <p>The agency evaluates the impact of restrictive care practices and reports to the relevant parties any significant changes in the service user’s needs. This was in evidence the inspector reviewed the comprehensive records of the review and evaluation in place within the agency.</p> <p>Staff were able to describe the training in place both in vulnerable adults and human rights and how they uphold individual rights.</p>	<p>Complaint</p>

THEME 3 - EACH SERVICE USER HAS A WRITTEN INDIVIDUAL SERVICE AGREEMENT PROVIDED BY THE AGENCY	
Statement 1	COMPLIANCE LEVEL
<p>Evidence inspected confirms that service users/representatives have written information and/or had explained to them the amount and type of care provided by the agency</p> <ul style="list-style-type: none"> • Service users/representatives can describe the amount and type of care provided by the agency • Staff have an understanding of the amount and type of care provided to service users • The agency’s policy on assessment and care planning and the statement of purpose/service user guide describe how individual service user agreements are devised. • The agency’s service user agreement is consistent with the care commissioned by the HSC Trust. The agency’s care plan accurately details the amount and type of care provided by the agency in an accessible format. 	
Provider’s Self-Assessment	
<p>Service users are provided with a support agreement and domiciliary care agreement which details the type of service provided. The Statement of Purpose is also readily available. The Service User Handbook and each support plan indicates the level of agreed support available to each service user. It should, however, be noted that it can be very difficult to quantify the time provided to service users with complex needs whose requirements may change on a weekly if not daily basis.</p> <p>Staff have knowledge of the above agreements and through staff meetings, supervision, handovers, etc. service users' care and support is discussed. The service users agreement is consistent with the care commissioned by the Southern Trust. The Statement of Purpose, Service User Guide and each service user assessment and plan is completed as per Praxis Care's Policy and Procedures. Each service user's support plan is person-centred and details the support available to them.</p>	Compliant
Inspection Findings:	
<p>A range of care records were examined and service users’ needs and risks were clearly documented by agency staff and had been reviewed by the HSC Trust.</p> <p>The inspector examined a range of needs assessments and care / support plans for service users; these</p>	Compliant

were noted to contain references to the service users' human rights which had been aligned to the specific outcome for service users.

The care records of seven service users were examined and contained daily progress notes and key worker summaries of the individual's progress towards aspects of their care and support plan. Agency staff had written an evaluation cross referenced against each outcome and these reflected discussions with and the views of the service users. It was evident from these records and from discussions with agency staff and service users that staff do make referrals to HSC Trust staff in response to changing needs. Service users were noted to have six monthly and annual reviews and the attendance of HSC Trust staff at these meetings was evident. Agency staff described excellent working relationships with the HSC Trust and advised the inspector that they could contact the HSC Trust at any time in relation to any changing needs identified. This was verified by a member of the HSC Trust contacted by the inspector.

THEME 3 - EACH SERVICE USER HAS A WRITTEN INDIVIDUAL SERVICE AGREEMENT PROVIDED BY THE AGENCY	
<p>Statement 2</p> <p>Evidence inspected confirms that service users/representatives understand the amounts and method of payment of fees for services they receive as detailed in their individual service agreement.</p> <ul style="list-style-type: none"> • Service users/representatives can demonstrate an understanding of the care they receive which is funded by the HSC Trust • Service users/representatives can demonstrate an understanding of the care which they pay for from their income. • Service users/representatives have an understanding of how many hours they are paying for from their income, what services they are entitled to and the hourly rate. • Service users/representatives have an understanding of how to terminate any additional hours they are paying for from their income • Service users/representatives have been informed that cancellation of additional hours they are paying for from their income will not impact upon their rights as a tenant. 	COMPLIANCE LEVEL
Provider's Self-Assessment	
<p>All service users are given a copy of their individual service agreements which are discussed with and signed by them when commence their tenancy.</p> <p>We have two self funders currently within the scheme and the agency's Bills Agreement outlines the amount of costs payable. There are presently no service users who pay for additional hours.</p>	Compliant
Inspection Findings:	
<p>Each service user has in place a domiciliary care agreement that states the type and amount of care to be provided and what costs are being paid by the HSC Trust for care and support. This payment structure is also stated in the agency's self-assessment. Records in place examined during inspection shows that no service user makes a contribution from their personal income towards their care and support. Individual tenants.</p>	Compliant

<p>Domiciliary care agreements show evidence that the costs and service provided have been discussed with service users and their representatives as well as the HSC Trust. The documentation in place was signed off by the service users' representatives, HSC Trust staff and agency staff. Each service user has in place a breakdown of the hours of care and support they will receive. The self-assessment relates to "Self Funders" Evidence in place shows that the service users fund support and housing benefit but, care costs are meet by the HSC Trust.</p>	
<p>THEME 3 - EACH SERVICE USER HAS A WRITTEN INDIVIDUAL SERVICE AGREEMENT PROVIDED BY THE AGENCY</p>	
<p>Statement 3</p> <p>Evidence inspected confirms that service users' service agreements, care plans are reviewed at least annually confirming that service users/representatives are in agreement with the care provided and the payment of any fees.</p> <ul style="list-style-type: none"> • Service users/representatives confirm that their service agreement, care plans are reviewed at least annually by the commissioning HSC Trust, and confirm that they are in agreement with the care provided and the payment of any fees. • Records and discussion with staff confirm that the agency contributes to the HSC Trust annual review. • Records and discussion with staff confirm that reviews can be convened as and when required, dependent upon the service user's needs and preferences. • Records confirm that service users' service agreements, care plans are updated following reviews. Authorisation from the HSC Trust and consent from the service user/representative is documented in relation to any changes to the care plan or change to the fees paid by the service user. 	<p>COMPLIANCE LEVEL</p>
<p>Provider's Self-Assessment</p>	
<p>The agency attempts to hold reviews at least annually. The service user, their family/representative (if applicable) their statutory keyworker attend this review. At this review the support plan as well as the service provision is discussed. A review report is completed and is signed off by the statutory representative and the service user. As per the Service User Guide, the Domicilliary Care Agreement and the Support Agreement, a review can be held at any time should either the service user, statutory representative or agency feel this is required. All records within the scheme confirm that the relevant agreements and support</p>	<p>Compliant</p>

<p>plans are reviewed and documented with service user and statutory representative involvement. Consent from the service user is also sought in relation to any change in fees.</p>	
<p>Inspection Findings:</p>	
<p>At the request of RQIA, the agency provided to RQIA in advance of the inspection a summary of the review arrangements in place for service users. This information was discussed during the inspection and validated. As outlined in the self-assessment, service user’s reviews are held annually and more often if necessary with HSC Trust staff. It was evident that agency staff are in regular contact with the HSC Trust and that changing needs and risks are discussed regularly.</p>	<p>Compliant</p>

Complaints

The agency has had no complaints during the last year; this was verified by returns sent to RQIA and examination of records held on site.

Quality improvement plan

The details of the Quality Improvement Plan appended to this report were discussed with Ms Kelly Louise Devlin the registered manager as part of the inspection process.

The timescales for completion commence from the date of inspection.

The registered provider/manager is required to record comments on the Quality Improvement Plan.

Matters to be addressed as a result of this inspection are set in the context of the current registration of your premises. The registration is not transferable so that in the event of any future application to alter, extend or to sell the premises the RQIA would apply standards current at the time of that application.

Enquiries relating to this report should be addressed to:
